(A) *Purpose.* Decisions about hiring, promoting, evaluating, awarding salary increases, job assignment, terminating employees, and the awarding of contracts for goods, services, and public works projects should be based on the qualifications, performance, and ability of the employee or contractor. Every attempt to avoid favoritism and conflicts of interest in employment related and contractual decisions instills confidence of the electorate in its government. The purpose of this policy is to prohibit certain individuals from being employed by the town in a position in which a relative, as defined in this section, provides direct supervision. Additionally, this policy regulates contracting with relatives of individuals employed by the town for goods, services, and public works projects.

(B) *Definitions.* For the purpose of this section the following definitions shall apply unless the context clearly indicates or requires a different meaning.

BREAK IN EMPLOYMENT. Termination, retirement, or resignation of an employee from the town. A break in employment does not occur due to absence from the workplace while on a paid or unpaid leave, including but not limited to: vacation, personal days, sick or family medical leave, or worker's compensation leave, or if the employment is terminated followed by immediate re-employment by the town without loss of payroll time.

DIRECT LINE OF SUPERVISION. An elected officer or employee who is in a position to affect the terms and conditions of another individual's employment. Such affect may include, but is not limited to, making decisions about work assignments, compensation, grievances, advancement, or performance evaluation. (2) An individual who is employed by the town on July 1, 2012, is not subject to this nepotism policy unless the individual has a break in employment, as defined herein, with the town.

(3) If an individual is employed by the town and the individual's relative begins serving a term of elected office, the individual may continue his or her employment with the town and retain his or her position or rank even if that individual's position or rank would be in the direct line of supervision of the individual's relative.

(4) While an individual who is employed by the town and the individual's relative begins serving a term of elected office may continue his or her employment with the town, that individual may not be promoted to a position or rank if the new position or rank would place that individual within the direct line of supervision of the individual's relative.

(D) *Contracting policy.* The town may enter into or renew a contract for the procurement of goods, services, or public works projects with a relative of an elected official or a business entity in which a relative has an ownership interest if:

(1) The elected official files with the town a full disclosure which must be:

- (a) In writing;
- (b) Describe the contract or purchase to be made by the town; and
- (c) Describe the relationship the elected official has to the individual or business entity that provides the contract for goods, services or public works projects.

(2) The appropriate town board or department:

- (a) Issues a certified statement that the contract amount or purchase price was the lowest amount or price bid offered; or

(2) Prior to December 31 of each year, each elected officer shall submit to the Clerk-Treasurer a certification in writing, subject to the penalties of perjury, that the officer has not violated the provisions of the town's nepotism policy with regard to employment matters and the contracting for the procurement of goods and services.
